

## CONGRESS BUSY WITH DIFFERENT MEASURES

INVESTIGATIONS PLAY THEIR PART AT QUICZ AS TO VOUCHERS ISSUED BY KNOX.

## THE STAGE IS ALL SET

For the Canadian Reciprocity Treaty in the Senate-LaFollette Had Amendments Ready.

(BY ASSOCIATED PRESS.)

Washington, June 13.—Congress was busier today than at any other time of the present session. In the senate the Canadian reciprocity treaty with the floor amendment reached the floor. In the house the Underwood tariff bill was expected to occupy the entire day.

The investigations. The steel trust and sugar trust investigations continued in the senate. The steel trust investigation was continued in the senate. The steel trust investigation was continued in the senate.

The Steel Question. In the steel investigation, James H. Thompson, former vice president of the steel corporation, was called to relate more facts between the Carnegie steel company and the "Trust" at the time of formation.

His Testimony. Thompson said the steel corporation in 1901, put an end to pools and agreements in industry. Prior to 1901 there were agreements by which the manufacturers were apportioned certain shares of the steel business, he said.

The Sugar Quiz. At the resumption of the sugar trust inquiry Edwin Atkins, acting head of the sugar corporation, declared the majority of stock of the sugar refineries in California but did not compete with them on account of freight rates on sugar from the East or refineries.

Knox Is Wanted. A subpoena for Secretary Knox to appear to explain the payment to Frederick Hale, a son of former Senator Hale, of five thousand dollars from the Canadian bond, was issued today by the house committee on expenditures of the state department.

Vouchers Unassigned. The money is said to have been paid on sole authority of Knox's "O. K." on a piece of paper attached to an assigned voucher. Disbursing Clerk Morrison of the state department, declared the missing voucher was for \$2,450 in payment for a portrait of former Secretary Day and which the article received only \$250 and been found by a messenger on the floor of his office. How it got there he had no knowledge.

No Explanation. The voucher contained no explanation of how the \$1,400 difference was expended. Morrison asserted when the voucher disappeared it had no such explanation.

Stage Set. [BY UNITED PRESS.] Washington, June 13.—The stage was set today for the opening of the great Canadian reciprocity battle in the senate with four different reports from the finance committee.

The Senate met at 2:00 o'clock. It was estimated that the debate on the bill would last at least one month.

Direct Vote. "The prospect of the bill," said Senator Nelson, (Republican, Kansas) today regarding the action of the Senate on the direct election of senators. He continued, "The resolution is adopted by the Senate is certain, I believe, to be approved by three-fourths of the states in a year or two. I think the House will adopt the resolution as it passed the Senate."

Many Amendments. As a member of the Senate Finance committee, Senator La Follette (this afternoon) submitted a report before the Senate adverse to the Canadian reciprocity bill, and declared he would offer amendments to the president's proposed tariff that would reduce the cost of living to the consuming public more than \$200,000,000 per year.

La Follette said if the bill must be passed into law it should not pass without amendments in the interest of a great body of consumers, including the farmers.

Will Be Present. St. Paul, Minn., June 13.—William O'Brien, president of the Putnam Lumber Co., St. Paul, and W. H. Cook, Duluth, Minn., men must testify before the United States Senate committee investigating the election of Senator Latham. O'Brien and Cook were served with subpoenas today. Both the men were in a room in a Chicago hotel with Edward C. Hines, lumber man, when the latter held a long discussion with them about money for Latham's election with a man he called "governor."

GRADUATION DAY FOR THE RURAL SCHOOLS

Exercises for Biggest Class of Rural Schools in Years to Be Held on Tuesday of Next Week.

Graduation exercises for the rural schools of Rock county will be held at the Janesville high school building, Thursday, June 22, at one o'clock in the afternoon. The number of graduates this year are far in excess of previous years, numbering over one hundred and twenty.

A good program has been planned including some very fine instrumental and vocal selections. A feature of the exercises will be the customary spelling contest, the winners of which will receive some very handsome prizes. This contest is open to all students and graduates of the rural schools. The address will be made by Prof. J. C. McDowell, of the United States department of plant industry, and the diploma will be presented by the county superintendent.

## "RAILROADING" TRIED IN ATTEMPT TO PUT THROUGH LAND BILL

Bill to Cause State to Buy Strip of Land in Milwaukee for \$45,000 Is Being "Log-rolled" Through.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., June 13.—An attempt to "railroad" through the legislature a bill compelling the state land commissioners to purchase for \$45,000 a strip containing about 7 1/2 acres of land adjoining the state fair park near Milwaukee, which will be on the senate calendar the latter part of this week, has reached almost the proportions of a scandal, and some interesting developments are looked for. The tract in question is owned by Thomas Fleming of Milwaukee, from whom the original property was purchased eighteen years ago, and the bill now before the legislature represents a second attempt to take this property upon the state. All the members of the state board of agriculture except William McLaren and Frank Cannon of Milwaukee are opposed to the proposed purchase, declaring that the land is neither desirable nor necessary, nor is it worth anywhere near the price demanded. The bill has been lobbied for during almost the entire session, and now the Milwaukee members in both houses are attempting also to "log-roll" for the measure.

The joint finance committee has reported the bill for passage, but the vote in committee was 7 to 6. Since that time, at least one member of that committee who voted for the bill is expected to change his mind.

The legislature has just repealed a law passed by the last legislature, granting authority to the state land commissioners (secretary of state, treasurer and attorney general) to purchase four acres of the Fleming tract, so-called, for \$25,000. After the law was passed the commissioners, in deference to the request of the state board of agriculture, refused to buy the land.

This spring the proposition came up again, and the purpose of the bill repealing the law was to make way for a new bill, which increases the size of the tract to be purchased to seven and one-half acres and raises the price which may be paid to several times the assessed valuation. Three-fourths of the tract, which originally belonged to Fleming, was resold to Fleming last year as a tax sale, when the new owners failed to pay their assessments.

At the hearing before the committee, Secretary of State Frank, Treasurer Dahl, Senator John M. True, former secretary of the board of agriculture, and Senator John Thomas appeared against the bill, and statements were presented to the committee from President C. L. Hill of the board of agriculture and George McKerron, former president, in opposition to the measure. Although the bill permits the acquiring of the land by condemnation, opponents of the scheme declare that owing to existing conditions it would be impossible to get a fair appraisal of the tract, even if the land were needed, which it is not.

If the efforts of the Milwaukee contingent to push the bill through the senate are successful, the majority in its favor will be quite small, and if the bill gets into the assembly there are a dozen members waiting to go after it, "hammer and tongs."

In an interview on the subject of the bill, Senator John Thomas, who was in the legislature when the original law for the acquiring of a state fair park was passed, did not hesitate today to denounce the present scheme as "one of the worst steals that has come before the legislature in years."

WORK TO START SOON ON SCHOOL QUARTERS

County Training School Board Met This Morning and Made Final Preparations for Remodeling Jefferson School.

Final preparations for the beginning of the work of remodeling the Jefferson school, to be used as the home of the new Rock county training school for teachers, were made this morning at a meeting of the training school board in the office of the county superintendent.

Some time ago the contract was let to Van Pool brothers, building for the completion of the work by August 1st. The present outlook is that this date will see the school in readiness to receive the pupils.

The contractor has not been able to start as yet, owing to the fact that the school was still in session in the building, but in a week's time the material will be at hand and the way clear to start in earnest.

Principal Louth has been busy for the past few days in completing the plans for the summer session of the training school to be held in the high school building. For the purpose of getting a line on the work, he made a visit to the Green county institution at Monroe, yesterday, where he inquired into matters pertaining to the courses of work. Those who were present at the meeting this morning were Charles E. Moore of Muskegon, Earl Cleveland of Hololt, P. J. Louth of Evansville and County Supl. C. D. Antlad.

Canadian Foresters in Session. Toronto, Ont., June 13.—The annual convention of the High Court of the Canadian order of Foresters met in this city today with an attendance of about 600 delegates representing local branches of the order throughout the Dominion.

Morganstown, W. Va., June 13.—The annual commencement exercises at the West Virginia University were held today. The address to the graduating class was delivered by professor George B. Foster of the University of Chicago.

THE TRIUMPHANT ENTRY OF MADRID.

Mexico City news item.—Upon the day that Madrid entered Mexico City, one of the greatest earthquakes of recent years occurred. This is construed by many of the superstitious Mexicans as an evil omen and by many as a tribute to his strength.

## SUSPECT BOOM FOR "BOB" AT BANQUET

Progressive Republicans Gather For Festivities Tonight and La Follette May Be Subject of Talk.

(BY ASSOCIATED PRESS.)

## COUNCILMEN TAKEN TO TASK BY MAYOR

ALDERMEN REBUKED FOR ALLOWING PERSONAL MATTERS TO ENTER INTO DISCUSSIONS AT MEETING LAST NIGHT.

## SESSION WAS STORMY

Arguments Engaged In By City Fathers Decame Quite Heated At Times But A Large Amount of Business Was Transacted At Session.

Mayor Nichols last evening took to task the aldermen of the council for their petty squabbles and differences which came up during the course of the meeting last night and which have characterized the sessions since the new council has begun its work. He chided them for allowing personal matters to enter into the meeting and insisted that they should eliminate this feeling while in session. "If these conditions continue to exist," said the mayor, "I shall have to hold every one of you to strict parliamentary practice."

The mayor said that while he had not been strict in making the aldermen adhere to the rules of parliamentary law, thinking that free discussion might lead to more toward harmony, hereafter unless the personal element was not stricken out he would be more strict in allowing the council members to speak on subjects not concerned with the immediate business. He made a request that they work in harmony that their acts might be worthy of praise rather than censure.

The meeting last night was a record one for bitterness of words but and it seemed some of the members were carrying a large "chip on the shoulder." All members were present and the six to four line-up, which has been prominent in former meetings, was again displayed when the two factions were at war on some question.

Only once was there a change and that was when Alderman Connell voted with Sheridan, Spohn, Buchholz, Evans, Shurtliff and Hall to lay Alderman Dull's ordinance regulating the operation of saloons by brewers over for two weeks in order to give the parties interested a chance to be heard. The ordinance was introduced four weeks ago by Dull and received its first and second readings and action postponed for the same reason as was given last night.

Dull last evening asked that the ordinance be given the third reading. Buchholz offered an amendment that the matter be postponed until the next meeting and that the interested parties be given a chance to be heard. Dull's objection to this amendment was that unless an ordinance of this kind was passed the saloons of the city would never be regulated and said that if the aldermen desired to kill the ordinance it might as well be done at last night's meeting as to let it go two weeks.

A skirmish preliminary to the principal engagements last evening took place at the opening of the meeting when Alderman Sheridan introduced amendments to orders drawn up at the last session. These were with regard to highway matters and repairs on streets. Two orders introduced by Alderman Evans to repair North Washington street from Mineral Point avenue to the city limits and North Jackson street from Milwaukee street to the tracks were amended to read that the street assessment committee be directed to view the streets named and report to the next meeting the amount and kind of material and the cost of the same together with the recommendations of the committee so that the streets shall be restored to a safe condition.

Both amendments were adopted. A similar amendment to Alderman Dull's order for repairs on Center Ave. from the Five Points to the river was also introduced. Alderman Dull immediately demanded to know what the amendment meant and if it was taking the rights away from the aldermen. Sheridan explained that the meeting presented and passed the ordinance two weeks ago but had been declared illegal and it was merely to set the record right in order that the work might be done.

In this connection Mayor Nichols declared that hereafter the aldermen would have to confine themselves to the kind of work they desired on the streets for which they introduced orders for repairs or improvements and that under the head of repairs re-surfacing could not be done.

The opposing elements also bristled their hair at each other over Alderman Sheridan's order to construct concrete culverts across Western avenue on each side of the Afton branch of the Northwestern railroad and across North street just west of the same bridge. Alderman Dull immediately demanded information concerning the culvert across North street and Sheridan explained that at present two fifteen-inch tiles were used to carry the excess water off the street and they were not large enough to do it properly. In case of a heavy rain, he said, the water backed up and flowed into the cellar of M. Mulcahy's home and had done so several times this spring. Unless this was stopped, the alderman explained, Mulcahy threatened to sue the city for damages. After some debate, in which Alderman Dull suggested that iron piping be used, Dull offered an amendment to Sheridan's motion, that the matter be laid over two weeks. The amendment was lost six to four and Sheridan's order went through by the same vote.

This aroused Dull's ire and he arose and made a free denunciation of the way affairs were going.

A session was prolonged just before the close of the meeting when Street Commissioner Dan Wilkins, who had desired an opportunity to speak before the council demanded that Alderman Donahue retract certain statements which Wilkins said Donahue had made concerning him (the street commissioner) or prove the charges. Center avenue, as usual, had a part in the arguments. At a previous meeting Alderman Donahue introduced an order to have the gutters in the Fifth ward cleaned and the

street commissioner's men were at work on the job. The street commissioner stated that as the Fifth ward had no dumping ground, wherever requests had been made for the dirt by the people in that neighborhood in order to cut down the expense of carting it a long ways, their requests had been granted. A slight misunderstanding arose over a statement alleged to have been made by Donahue that perhaps Wilkins might be selling the dirt. Donahue explained that he thought the street commissioner might be disposing of the soil and turning the money into the ward fund. The street commissioner however, took a different view of the matter and held it as an imputation against his reputation and honesty. The trouble was short-lived as the mayor called for a motion for adjournment and the session broke up.

At times when peace reigned in the hostile camps and the so-called "steam roller" was not in action, the council was very busy and a volume of business was transacted. Highway matters received a large share of attention. A resolution introduced by Alderman Buchholz provides for grading and paving North Main street from the northern side of East Milwaukee street to the northern side of Fourth avenue with twelve feet of ordinance, presented by Alderman Hall, to prevent the rutting of the streets of the city by the dropping of gravel and other materials from wagon-boxes, was given its first and second reading and, under a suspension of the rules, read for the third time and passed. The ordinance provides a penalty of from \$5 to \$25 for any person conveying ashes, earth, clay, gravel or other grading material, who, owing to a defective wagon-box or other cause, allows such material to fall on any alley or street of the city. A clause including "block of ice," was stricken from the ordinance. Ald. Buchholz stated that it would work a hardship on the ice men, as it was almost impossible for them to unload the large blocks in front of stores without dropping them on the sidewalk or street, and that in case ice was thrown on the streets by the men they could be complained of under another ordinance.

The street assessment committee was authorized to view the bridges on South Main street and report at the next meeting. They were authorized to close the bridge if it was deemed unsafe for travel.

Further time was granted the highway committee to look into and report at the next meeting with regard to the application of the Deloit, Delavan Lake & Janesville railway company, asking additional rights and privileges to extend its line from the tracks of the Janesville Traction company at the corner of Main and Milwaukee streets on North Main street to Prospect avenue. The committee desired to consult with the mayor and the city attorney before reporting.

Plans of Sewerage Dist. No. 11, extending the present sewer on Carroll street from Glen street to Hyatt street, were accepted, and a resolution passed ordering the work done.

The quit-claim deed from the Janesville Water company for the lot on South River street, to be used for the west approach of the Racine street bridge, was accepted and ordered recorded and placed on file. The city attorney, who had conferred with regard to changing certain clauses in the deed concerning the liability of the water company for damage done by breakage of service pipes, reported that no change could be made in the deed as the money had been paid for the property and the deed closed. He said, however, that Attorney P. C. Turpeo and M. G. Joffe, the latter of whom drew up the deed, held that the document was not unfair to the city and the clause mentioned was put in that the water company might not be held liable for damage done to the street in case of the breaking of a water pipe. This was held to be fair to both the city and the company and the deed was accepted.

The council committee on sewers asked further time to report on the communication of the Hodgekott Milling company regarding the sewer at the corner of North River and West Bluff streets, which the company asked be extended so as not to interfere with their water power.

Permission was granted the committee in charge of the Fourth of July celebration to attach banners and street decorations across Main and Milwaukee streets. A. W. Spaulding was given permission to move a house from Jackson street to Wilkins street.

The question of the ornamental lights for the business streets of the city came up last evening in the form of an order introduced by Alderman Donahue that the city clerk procure from the Janesville Electric company their proposal for ornamental street lighting together with the plans and specifications, the cost of installation and the cost of maintenance per year and a full description of the conduit system to be used in the system.

The Wisconsin Telephone company and the Janesville Electric company were ordered to move the poles at the corner of Pleasant street and Center avenue to the curb line on Center avenue. An order was also passed that the Rockford & Interurban company shift its tracks to the center of South Jackson street between Western avenue and the bridge over Rock river. Standard sidewalks were ordered built in the Third and Fourth wards and property owners in the Third Ward at the corner of Bluff and Clark streets and Lots 31, 32 and 33 on Vista avenue, who had allowed heaps of dirt to remain between the sidewalk and the curbing in front of their properties were ordered to grade the same. The report of the street assessment committee for the curb and gutter work on North Jackson street was accepted and the city's share of the expense, \$52.46, was ordered paid to G. D. Cannon. A carload of curbing plates was ordered.

A fifteen days' vacation with full pay was granted Chief of the Fire Department H. C. Klein and C. J. Murphy, second assistant, was given ten days vacation. In connection with the work being done at the East side fire station, the street commissioner was ordered to furnish sand and one man to brick the alley near the station with brick taken from the old hose tower. The payment of \$25 from the Fire and Water fund to Lawrence Cronin for his services as fireman from June 1 to 12 was ordered, as Cronin has resigned his place.

Reports of the municipal clerk, city

marshal and board of education for the month of May were submitted and accepted. In connection with the monthly report of the police department, Mayor Nichols stated that he did not think it furthered the best interests of the city that the reports should be published. The report, as submitted by Chief Appleby, was as follows:

Seventy-six arrests were made for the following causes: Runaway boys, 2; forger, 1; runaway girls, 2; assault, 1; incorrigible, 1; burglary, 1; assault and battery, 1; suspect, 1; non-support, 1; drunkenness, 65. Arrests credited to each officer (were): Appleby, 13; S. Brown, 14; Morrissey, 13; Champion, 9; J. Brown, 8; Panning, 2; Dorn, 7; Hallen, 7; Dalton, 3. Thirty-three were taken into court and forty-three discharged.

The bond of Charles L. Midfield, municipal judge, was accepted and the bonds of M. Mulcahy, Bernard Dugan and M. C. Burdick as ward commissioners of the Fifth, Second and First wards were approved. Similar action was taken with regard to the bonds of Moore & Lovelace for building recent sidewalks for the city.

Bills for the month were allowed, including a grocery bill ordered by Dr. Cunningham, health officer, for a family under quarantine. The health officer explained the circumstances in the case and read an opinion of Attorney General Gilbert of Madison as authority for his action. The sum of \$74.25 was ordered paid from the Memorial Day Fund for the expense of the city's Memorial day services. City Treasurer James A. Pather's report for May was presented and placed on file.

Mrs. Harden, tenant of the house owned by the city at the corner of North Jackson and Wall streets sent a letter to the council asking permission to paper one of the rooms and put on screen doors and requesting the city fathers to lower the rent to \$6 per month. As the lady intended to make improvements and the city received but \$7 per month now, an order was passed to grant the reduction.

The new blade for the city scraper was ordered purchased for use by the street commissioner in case of emergency as the city has but one blade for the machine at present. The order was passed on recommendation of Street Commissioner Wilkins.

The offices of the city clerk and city treasurer will be closed on Saturday afternoon during the rest of the summer, a resolution granting that privilege to the officers going through.

## OBITUARY.

**James G. Loudon.**  
The remains of the late James G. Loudon, who passed away at Walnut Creek, Ohio, Sunday evening, will arrive in this city at 10:25 tomorrow morning. The funeral will be private and is to be held from the house on Washington street at three o'clock tomorrow afternoon. Rev. Laughlin officiating. Interment will take place in Oak Hill cemetery. The pallbearers will be chosen from the railway mail clerks, with whom the deceased was associated for a number of years.

## DUKE OF WESTMINSTER HURT

Thrown in Polo Game and Received Fracture of Collar Bone.  
London, June 13.—The Duke of Westminster received serious injuries in a polo game at Roehampton. In a collision with Lord Wodehouse he was thrown heavily to the ground. His collar bone was fractured and several ligaments torn. Lord Wodehouse was not hurt.

## Convention of Credit Men.

Minneapolis, Minn., June 12.—President F. H. McAdow called to order the 16th convention of the National Association of Credit Men this morning, and after an invocation by Archbishop Ireland, the visitors were welcomed by Governor Eberhart, Mayor Haynes and others. On the program for the four days the convention lasts are numerous addresses by well-known business men.

## Ties to End Life.

Niagara Falls, N. Y., June 12.—Harold L. Cobb, who says his father is a clergyman at Decatur, Ill., was found here shot in the head. He said he had tried to kill himself. He may not recover.

**Bad Beginning and Ending.**  
In politics, what begins in fear usually ends in folly.—Cateridge.

## W. R. CLELAND PASSES AWAY THIS MORNING

Well Known Milton Resident Succumbs This Morning to Cancer of the Throat.  
[SPECIAL TO THE GAZETTE.]

Milton, June 13.—W. R. Cleland died this morning. The deceased underwent several operations for a cancerous affection of the tongue and throat during the past few months, but all proved unavailing in staying the progress of the disease. Until two weeks ago he had been able to give attention to the business of his firm, Crumb & Cleland, but since that time has failed rapidly and his death was not unexpected. Mr. Cleland, since leaving the firm, has been a resident of the village and had an unusually large circle of friends and acquaintances in this locality, all of whom unite in tendering their sympathy to the grief-stricken widow and son. Deceased was a genial, whole-souled man, always jolly and ready to do his part in the community. He will be greatly missed.

The funeral services will be held Thursday afternoon, and the burial will be made at Whitewater.

**Comfort for Author.**  
The Author—Would you advise me to get out a small edition? The Publisher—Yes, the smaller the better. The more scarce a book is at the end of four or five centuries the more money you realize from it.

**Any Time to Suit.**  
Tourist (at Irish hotel)—You seem tired, Pat? Waiter—Yiss, sorr. I've very early this morning—half-past six. Tourist—I don't call half-past six early? Waiter (quickly)—Well, half-past five, this!—Punch.

## UNCLAIMED LETTERS.

GENTS—Mr. and Mrs. Ed. Ash, Chas. Holender, Mr. and Mrs. L. Chudloff; Thomas E. Gools, Geo. Copeland, L. C. Curtis, J. Buckner, Aug. Gensels, James Griffen, William Hutchinson, J. W. Leonard, Mr. and Mrs. Carl Lenz, Frank Shopley, J. P. Tompkins, G. S. Trainer, Chas. Vaughn, John Williams. LADIES—Miss Eliza Callahan, Mrs. S. Brown, Miss Belle Cranmer, Mrs. Katharine E. Johnson, Miss Margaret Davies, Mrs. Loomis, Miss Helgetta McCarthy, Miss Maude Moorehouse, Miss Carrie Schwartz, Mrs. Geo. Selmer, Marion and Blanche Voyder, Mrs. George Walker, Mrs. John Willis. ## AUTOISTS WILL BE HERE ON THURSDAY

CONTEST BETWEEN THE C. A. A.  
AND C. A. C.—THE WEEK'S  
EVENT FOR CHICAGO  
AUTOISTS.

## EXPECT TWO HUNDRED

Arrangements Being Made For Their  
Entertainment While in the City—  
Open House At Elks Club.

Jansville will be the Mecca for the Chicago Auto enthusiasts this week Thursday. On that morning at eight, John H. De Long, a former resident of Jansville, now connected with the sporting department of the Tribune, will start the first of the fifty cars that are to compete in the annual reliability run of the Chicago Athletic Association and the Chicago Automobile Association to Jansville and return. The first car starts at eight and should arrive in Jansville by three or shortly after. The last car leaves a little after nine, or thereabouts and will make Jansville by six at the latest. Each car will have the driver, observer and two passengers, making the total number in the run of two hundred. Mr. De Long starts them and also comes ahead and will reach Jansville ahead of the leader in time to check them in.

Over the telephone last evening Mr. De Long said that the run had aroused much enthusiasm and would be held rain or shine. But the drivers met on Wednesday evening to learn the rules of the contest, and the start Thursday would be on scheduled time and the arrival at Jansville would be about three, or shortly after, barring accidents.

It is an annual contest for the "Inter Club Shield." This is a bronze trophy to be contested for each summer, the winner holding it for the ensuing year and each year a bar is added, bearing the names of those on the winning team. Thus far the C. A. C. has won the trophy twice and the C. A. A. once.

The contest is a reliability run only. Only those affiliated with the clubs and in no way connected with the automobile trade are eligible, thus making it a strictly amateur event. The cars run on a fixed schedule, usually about twenty miles an hour with controls located between starting and finishing points.

The points against the cars are for lateness at the controls and at the finish, for stalling of motors, time taken for repairs and so forth. The team returning with the lowest percentage of penalizations takes the trophy. The losing team buys dinners for the winners and those riding in their cars. This dinner is given immediately at the conclusion of the run.

Mr. De Long has been interested in this game for several years past and has been starter and an official for the past runs. It was through his influence that Jansville was chosen as the terminal for the first day's run this season, despite the efforts of Detroit and other cities to secure the coveted honor.

Immediately on their arrival in Jansville the visitors will be met by a reception committee of business men and will be invited to the Elks club rooms, where open house is to be kept for the visitors. Sandwiches and cooling beverages will be supplied and later baths have been arranged for at the Y. M. C. A. with the dinners at the various hotels, where they will be quizzed.

The Elks rooms will be open to the visitors during their stay in the city and many will be entertained there in the evening. The boxing contest at the West Side Club was designed for their special entertainment, and it is probable that the majority of them will avail themselves of the opportunity of seeing the Porches-Hammonds go which promises to be the best bout ever seen in this city.

The party return to Chicago, Friday morning, leaving here about eight or half past, and will arrive in Chicago in time for the banquet in the evening. When told of the plans, Mr. De Long stated they were just what the visitors wanted, and that he was certain they would enjoy themselves. He stated that he expected there would be in the neighborhood of two hundred visitors here for the trip.

No lineup has been announced by either club, but the final roundup will be made Wednesday night, when observers will be appointed, the rules read to the contestants, and all arrangements made for the getaway the next morning. The two captains have adopted different tactics. At the C. A. A. it is a case of "the more the merrier," and efforts are being made to put in a big team. Capt. Knudley, figuring on an Automobile club, is the theory that a smaller team has more chance to win, and the chances are the Plymouth place organization will come to the line with about fifteen cars flying the banners of the C. A. C.

Those booked already from the Automobile club include Capt. Allen S. Day, P. J. McKenna, Frank X. Mudd, E. T. Franklin, Hurley B. Ayers, E. C. Patterson, L. R. Parker, T. J. Hyman, N. H. Van Slick, Jr., Walter Egermann, Charles Turner, and G. F. Griffin.

Capt. Knudley of the C. A. A. is certain of riding up F. W. Wentworth, S. W. Hamm, W. C. Thorsen, L. T. Jacques, W. P. Crowder, L. H. Allen, Frank M. Lynch, Z. T. Davis, O. Ormeyer, Harry Daniels, J. C. McCord, E. H. Young, L. E. Jacques, Walter Chamberlain, C. C. Ireland, A. E. Conn, and Clare A. Briggs. In addition there are about a score more who seem like possibilities.

Outside of making up the teams all arrangements for the match have been

made. The officials selected include N. H. Van Slick, Jr., a former captain of the C. A. C., as referee. The judges are C. G. Sinabough, E. G. Westlake, P. L. Estey, and R. J. Finnegon. The starter will be John G. De Long, and the clerk of the course C. A. Tibb. A. M. Robbins will be pilot, the pacemaker will be A. J. Banta, and H. P. Brammister chief checker. In the way of official cars, the pilot will be an Abbott-Detroit, the pacemaker a Locomobile, the judges' car a Thomas six, the starter's car a Fiat, and the chief checker's a Kisselcar.

The clubmen have arranged something novel in the way of a commensurate, repeating the experiment of a former run by having the provender conveyed to the noon stops in a motor truck and luncheon handed out in picnic style. The C. A. A. has undertaken the job of chafing the run and a big Muls truck will meet the tour at Marengo the first day, and at Mellen on the second day, loaded down with good things to eat.

The start will be made at 8 o'clock Thursday morning from Grant park at the foot of Van Buren street, and it is likely the finish will be there also. The C. A. A. is due to have the start this time, but owing to the torn up condition of Michigan avenue it has been thought better to leave from Grant park, going from the big tract

east of the railroad tracks. Plymouth place also is in and shape, which may necessitate the finish being changed also.

J. P. Dods laid out the route for the clubmen, and the Bluebook trail the first day will be through Maywood, 12 miles; Lombard, 21.4; West Chicago, 31; St. Charles, 38.3; Orlino, on the road course, 50.6; McQuinn, 52.2; Harmony, 62.5; Marengo, the noon stop, 70.2; Belvidere, 82.2; Cherry Valley, 89.1; Rockford, 96.4; Beloit, 114.2; and Jansville, 128.

Returning the second day the trail runs through Emerald Grove, 7.8; Fairfield, 14.1; Walworth, 25.6; Fontana, 27.8; Geneva Junction, 46; Richmond, 48.4; Mellen, noon stop, 58.2; Volo, 63.7; Evanston, 71.6; Half Day, 79.1; Deerfield, 81.2; Wilmette, 97.3; Evanston, 109.4; Chicago, 112.8.

The rules are unchanged from last year, furnishing a mild sort of competition, in which penalties are exacted only for work done on the cars while they are running in the contest and for being late at controls. This ought to produce many perfect scores, but with a large field there is certain to be some who will fall by the wayside and thus permit the judges to pick a winner. At the finish of the run there will be a dinner at the Automobile club for contestants and officials which will be paid for by the losing team.

## WILLOWDALE BEATEN BY THE SLUGGERS OF AFTON

Teddy Bears Clawed Opponents Four  
Times, But Eleven Wallops by

### Sluggers Won the Game.

At the Afton park, Sunday afternoon, the Willowdale "Teddy Bears" were beaten and dragged in the dust by the Afton "Sluggers," the score being 11 to 4. The battle on the diamond commenced at two o'clock and the hostilities were continued with ferocity for nine full rounds. Both teams were reinforced with professional players. Though defeated, the clublets have not been discouraged and intend to come back at their opponents and secure revenge. They will meet again at a game in the near future.

### Fights Scheduled For Tonight.

"Spike" Kelly vs. Jimmy Howard, 15 rounds, at Memphis, Tenn.  
Dick Hyland vs. "Hattling" Hurley, 10 rounds, at Albany, N. Y.

### Church Barrel Organ.

Speaking at a Llangollen meeting, the bishop of St. Asaph recalled that he held his first church appointment at Llangollen. The music to accompany the choir was then supplied by a barrel organ. As a boy he churned it out by regularly turning the handle.

## A Big, Brand New Showing of the Famous Vudor Line of Summer "COMFORT GOODS"

Vudor Porches, Shades, Hammocks, Chair Hammocks Will Serve Your Purpose Best

**Vudor**

Porch Shades for the Farm Home

Practically every porch needs shading from the sun during the day. Vudor Porch Shades make the most sun beaten porch as shady as though sheltered by spreading tree tops. They admit the breeze at the same time, thus transforming an otherwise exposed and useless porch into a cool, shady, airy out of door room.

We have sold many Vudor Porch Shades for use on the porches of farm homes and our sales to farm folks are growing constantly.

This new display is typical of The Big Store---it's the best possible. There's a great variety of patterns. The goods are noted for their strength and durability. They're the kind that make for comfort. You're figuring on how to beat old "Sol" this summer. Make a living room out of your porch. Here's the materials to do it with.

## VUDOR PORCH SHADES

A porch shade must do more than keep out the sun. It must allow perfect ventilation, must stand all conditions of the weather, and must last.

Vudor Shades are made of handsomely stained wood, light, tough, nearly unbreakable, and are bound with the strongest Seine twine, which is unaffected by rain or sun.

Vudor Shades retain their appearance and shape for years. The ordinary shades are composed of narrow strips that won't stand any sort of wind or rain, and are held together with weak cotton strands. Besides, that kind hasn't any room for air to enter, or for you to look out.

Another good feature about Vudor Shades is the peculiar fact that those sitting on the porch can see out, but passersby cannot see in. In other words, you have complete privacy, and can use the porch or veranda the same as an inside room, with infinitely more comfort on hot days than any room can possibly afford.

Vudor Porch Shades are just the thing for "boxing in" porches or balconies that are to be used as outdoor sleeping or living apartments.

The Shades can be instantly raised or lowered (operating on the principle of a theatre curtain), and are easily and readily put up.

Vudor Porch Shades come completely equipped; nothing but a screw driver is required to hang them.

Ordinary porches can be shaded properly by using from one to three or more Vudor Porch Shades. The regulation sizes are:

4 ft. wide by 7 ft. 8 inch drop, at	\$2.25
6 ft. wide by 7 ft. 8 inch drop, at	\$3.25
8 ft. wide by 7 ft. 8 inch drop, at	\$4.00
10 ft. wide by 7 ft. 8 inch drop, at	\$5.50
10 ft. wide by 10 ft. drop, at	\$6.50

We will gladly furnish special sizes at small extra cost.

**Vudor Porch  
Shades**

## Vudor Re-Enforced Hammocks

Are of Far Better Appearance,  
Give Better Comfort and Gen-  
eral Satisfaction

The Vudor Re-enforced Hammock is, as its name implies, a hammock made extra strong where the most strain comes on hammocks.

Ordinary hammocks give out first in the middle of the bed of the hammock, and in the supporting cords at the ends. In ordinary hammocks the fabric is no heavier or stronger in the middle than at the sides.

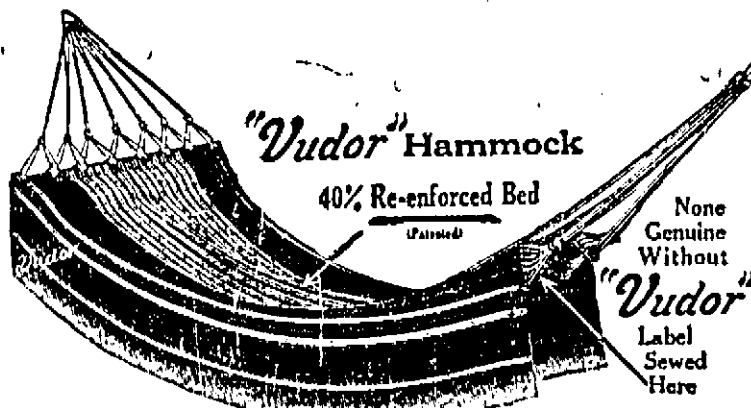

The bed of the Vudor Hammock is woven with a gradually increased number of warps to the inch from the sides to the middle, so that the hammock is strongest where most strength is needed. This is a patented feature and can be found in no other hammock.

There are a number of other features which make the Vudor Hammock outwear two ordinary hammocks.

The colors of these Vudor hammocks are the most permanent obtainable and will not fade out as ordinary hammock colors do.

They are priced as follows:

\$2.00, \$2.50, \$3.50, \$4.50, \$5.00 and \$6.00.

## NEW PORCH RUGS

We have just received a new shipment of Grass Matting Porch Rugs, in some new and very artistic designs and colors. Dainty and novel effects in reds, greens, browns and two tone effects. They come any size, but can also be had by the yard, so that you may choose them in any length to suit your need. They range in size from 36x72 inches to 9x12 feet. Priced at \$1.25 to \$10.00.

Ask to see them.

## The Vudor Chair Hammock

Is a Simply Devised Combi-  
nation of Hammock and  
Morris Chair

It possesses the most enjoyable features of both and is just the thing for a weary person to take his ease in at the end of a strenuous day.

You can adjust it in a few seconds to any angle desired to give the most complete relaxation to every nerve and muscle.

The Vudor Chair Hammock is strong and simple in construction. It will support the heaviest person readily, though it weighs but a few pounds itself.

It is adapted for children as well as grown-ups, as it may be hung a few inches from the floor, so the youngsters can use it all day long without falling out.

Altogether, the Vudor Chair Hammock is one of the most satisfactory articles ever devised for porch use.

Ask to be shown how it works in actual use.

Vudor Chair Hammocks, priced at.....\$3.00

DULIN'S ORDINANCE.

Instead of being set down upon, Alderman Dulin should have received the support of every alderman in the common council in his endeavor to solve the much troubled saloon situation by his ordinance relative to the brewers not being able to take out a saloon license, or that any license be issued to persons renting from a brewery. If there is to be any sort of a reform in the saloon situation in Janesville it is time to begin it. Alderman Dulin's proposed ordinance is drafted along the right lines. He would eliminate the breweries and the brewers' agents from dominating the city. He would divorce the liquor element from politics if possible, in other words, and place the business upon the same plane as any other. It is radical in a way, but it would eliminate many of the dram shops that are a disgrace to the city, where the proprietors are merely a tool of the brewers, who urge him to sell as much of their goods as he can, regardless of the laws. More than half the trouble the police department has had with the liquor element has come from saloons who were dependent upon the brewers for their license and support when in trouble. While the ordinance was merely laid over it was a move to make it ineffective in the present cases and, really does away with any ultimate good that might have come from this endeavor to reform the present mixed situation. It is too bad that such is the case, when so much has been said about the situation, and no one who is at all conversant with the conditions knows that they do not need a radical reform.

PREVENTION OF DUST.

On Monday next the members of the highway committee of the common council and the directors of the industrial and commercial club are to meet at dinner to discuss the question of preventing dust and other disagreeable features of the present municipal system. An exchange recently quotes the following on this subject, which may be interesting at this time. "A paper read by Prof. A. H. Blanchard of Providence, R. I., at the second annual New England conference on 'Street Cleaning,' held in Springfield, Mass., recently, is receiving attention and most favorable comment in the West. Dealing as it does with the question of road dust prevention, and at a time when the rainfall has been far below normal over a large section of the country, it is only natural that the points covered by the

paper, and the recommendations made, should have widespread interest. "Prevention of road dust is a matter of great importance, not only to those who are using the roadways in ever-growing numbers, but to those who reside or do business contiguous to the main traveled highways. Not alone housekeepers but merchants are among those who are now complaining before village boards and city councils with regard to the damage caused by improperly kept roadways. Dust in the suburbs and the country is doing almost as much harm as smoke in the cities; when dust and smoke combine, as they do in industrial centers, the damage to clothing, furniture, hangings, pictures, books, dry goods, mercantile wares of all kinds, is literally beyond calculation. "Professor Blanchard and others who are discussing information regarding the care of roads and the treatment of pavements are benefactors. Their work at times must seem to them unfruitful and unappreciated, but this is not the case. Dust has been ground into the human family so long that one finds it difficult to create a general uprising against it; but the uprising is coming surely if slowly."

People are now in the order of the day. The old fashioned basket kind, where the whole neighborhood united in past, to give way to more fashionable functions, but just the same those who still enjoy nature take a day off occasionally and have a good time in the good old fashioned way. If you are not going to have friends here for the fourth and have a vacant room you are to rent, you had best list it at the headquarters of the fourth of July committee for use of the hundreds of visitors who will be seeking quarters on that night and the night before.

The same Fourth idea is a good one. The citizens of Janesville should encourage the idea as far as possible. Unfortunately the state law passed relative to the sale of explosives, had a joker in it, and is not effective until next year.

The cool weather has been a God-send to the sufferers from the excessive heat of last week. However, we may expect more warm weather yet for this is only June, the month of roses and brides.

Street Commissioner Wilkins is continuing his work of cleaning up the various wards, and in the Third the street roller is being put in use to keep the pavement, laid last summer, in shape.

These are the piping times of peace but still the sound of modern warfare promises to be heard in Janesville on July 4th. If the present plans are carried out, it will be an instructive Fourth as well as a lively one.

So congress is going to have a chance to adjourn after all before it is time to re-assemble next fall for the regular session. The senate is going to pass that reciprocity bill.

Better train connections with Milwaukee will be a welcome institution after these years of abuse of the public by the roads in this direction.

The legislature at Madison is still grinding out laws by the wholesale that will keep the lawyers busy for years to come, untangling.

PRESS COMMENTS.

Wait Till Cold Weather. Oshkosh Northwestern: A federal grand jury at Pittsburg is investigating the alleged coke trust. It and by the investigators may get around to the coal trust, which will be a thing to interest everybody.

Fingers in the Fire. Rockford Register-Gazette: At least Mr. Bryan must be given credit for the dauntless courage with which he burns his fingers every time he has the opportunity.

Keep 'Em Here. Fond du Lac Reporter: "See America First" is the name of a convention to be held soon at Maryland. If everyone who likes to travel and can afford to would bear these words in mind, the size of Atlantic liners would probably be diminished instead of increased in a few years.

Why the Holler? Racine News: Why all this hullabaloo because they've been teaching naval cadets what to do in the event of a war with Japan? It's the business of the naval academy to teach just that sort of thing.

Meaning the Solons. Milwaukee Sentinel: Kansas has advertised for 12,000 harvest hands, but James Eads Howe and his hobo army are not headed that way. According to latest reports they are headed for Washington, where there is no danger of being put to work.

Still Sticking to the Well. Shoboygan Journal: Thirty per cent of the population of American cities still drink well water, according to a report submitted to the Life Insurance President's association. It is not remarkable that the larger percentage of those who stick to the contaminated sources of water supply live in the South. "The germ theory" is that part of the country doesn't make much headway.

Some Commotion. Wausau Record-Herald: That Juan Madero is a trouble-bringer. He no longer reached Mexico City than there was an earthquake followed by an eruption of the volcanoes. It is no ordinary quaking here who can still up such a commotion.

Leave It to Him. Milwaukee Free Press: Our former president says he will not run in 1912. Also, that he has endorsed no one for the presidential candidacy. But, like

Mr. Bryan, he may try to be guide and counselor in all things political.

Kept on Ice. Green Bay Gazette: The Lortimer investigating committee held its first meeting on Friday. No date was set, however, as to when the investigation will be commenced. Perhaps the senate committee is in favor of cooler weather in which to handle this warm probe.

Heart to Heart Talks.

By EDWIN A. NYE.

A WHITE BLACK SHEEP.

So shines a good deed in a naughty world. This plain tale of the generous doings of Richard Snell is an unusual happening.

Doubtless you have read something of the strange career of Colonel Snell, the eccentric Illinois millionaire. Dick Snell was his only son.

The others had died, and his father called Dick the black sheep of the family. He thus wrote it down in his will by which Snell cut off his son with the proverbial shilling.

Young Snell broke his father's will and after much litigation was awarded \$750,000. And then—

Dick absolutely refused to accept more than \$300,000. The other \$450,000 he said he wanted to divide with the widow of his brother and her three boys, all of whom were barely provided for in the terms of the will. To the widow was left \$1,000 a year during her lifetime.

That did not suit young Snell's conceptions of equity. Therefore he called his sister-in-law and her boys to the lawyer's office and with a map of Colonel Snell's farms before him indicated what real estate he wanted set over to them.

The widow refused at first to share the son's patrimony. At a second meeting, however, it was finally arranged and the \$500,000 worth of the estate was divided. This left Dick Snell with only \$300,000 when he might have had \$750,000.

It was magnanimous. And it stamps Dick Snell as a high minded man with an unusual sense of justice. He refused to consider his action as in any way extraordinary, remarking simply when pressed for an explanation: "Why, that leaves me more than I need."

Which is doubtless true, but— In these money grabbing days, when the newspapers are filled with nauseous stories of selfish heirs who fight one another in court for money they do not need, the young man's action is without heroic.

Black sheep? Dick Snell needs no whitewash to prove him an unusually white sheep.

CURIOUS BITS OF HISTORY

By A. W. Macy.

KING GEORGE THIRD'S CONFESSION OF DEFEAT.

After the close of the Revolutionary war, King George the Third made a speech to his parliament in which he endeavored to explain how one why he had ended the war, and agreed to a separation of the American Colonies from the mother country. He closed his speech with these words: "In thus admitting their separation from the crown of these kingdoms, I have sacrificed every consideration of my own, to the wishes and opinion of my people. I make it my humble and earnest prayer to Almighty God, that Great Britain may not feel the evils which might result from so great a dismemberment of the Empire; and, that America may be free from these calamities, which have formerly proved in the mother country how essential monarchy is to the enjoyment of constitutional liberty, Religion, language, interest, affections may, and I hope will yet prove a bond of permanent union between the two countries; to this end, neither attention nor disposition on my part shall be wanting."

(Copyright, 1911, by Joseph E. Bowles.)

Uncle Walt THE POET PHILOSOPHER

(Copyright, 1909, by George Matthew Adams.)

By WALT MASON.

Oh, it sort of seems to me, as I face eternity, and consider how much work I have in view, that the biggest earthly crime is this thing of killing time, which so many idle fellows seem to do. I am an evermore TIME in haste; I have not an hour to waste; I've a million things to do before I die; and the minutes as they flee are as precious to me as the diamonds that an actress wants to buy. Now he comes with his sublime, some tired bore who kills time, and he has a great deal of stories he would tell; by his writing desk he stops, and he grumbles and he yawns, till I take an ax and kill him with a yell. People partial to this crime of annihilating time might be pardoned if they'd only kill their own; but they murder yours and mine—kill our moments as they shine, butch-

er minutes which are rightly ours alone. Which is why I say in rhyme that the men who kill our time should be banished to an island in the sea, where, among the lonely howls they can kill a string of hours and not have a chance to bother you and me.

PLOT HIDES REBATES COOKE LAWYER SAYS

Chicagoan Being Made Scapegoat to Protect the Big Four Is Charge.

Chicago, June 12.—Charles W. Baker, attorney for Edgar S. Cooke of Chicago, who is on trial here charged with embezzling \$24,000 from the Big Four railroad, in his opening statement declared that his client was being made a scapegoat by officials of the company to protect the road from punishment for giving rebates.

Baker said that officials of the Big Four railroad were suspected of taking millions of dollars from the treasury and paying it in violation of federal laws to favorite shippers.

"If the truth were known," said Baker, "Warriner did not take \$643,000, as charged, but he probably took \$1,643,000 or \$2,643,000, but he took it for the purpose of the railroad."

The Big Four, he said, did not make any charges against Comstock, the former treasurer of the railroad. He said they induced Warriner to appear without counsel and plead guilty, and then had Cooke indicted for embezzlement.

He said the Big Four railroad had not made any demand upon the American Surety company, which signed Cooke's bond, and that P. A. Hewitt, auditor at the time, covered in the indictment of Cooke, had been promoted since.

WANTS TOBACCO MEN INDICTED.

Resolution Directing Wickersham to Act is Offered by Byrns.

Washington, June 12.—Attorney General Wickersham reported to the house that he did not consider it compatible with public interest to state whether his department is preparing criminal action against the American Tobacco company officers.

Representative Byrns of Tennessee immediately introduced a concurrent resolution to direct the attorney general to immediately begin the prosecution.

Civil Engineers at Chattanooga.

Chattanooga, Tenn., June 12.—Hustle and pleasure in about equal parts make up the program of the convention of the American Society of Civil Engineers, which was called to order here today. This afternoon the visitors visited Ft. Oglethorpe, Chickamauga Battlefield Park and Missionary Ridge.

Neighborhood Consideration.

"I heard your baby crying nearly all night. What was the matter with it?" "I think she wanted me to get up and carry her around, but I was afraid if I did you'd be disturbed by hearing me tramping the floor over your head."

Better Than Twine.

A patent fastener for wool bales, to take the place of twine, has been introduced in Australia. It is claimed that it prevents any vegetable fiber from the outer covering adhering to the fleece.

MUSKEGON, MICH., MAN IS CHARGED WITH SWINDLING

Head of American Electric Fuse Company Arrested for Obtaining Money on False Pretenses.

Muskegon, Mich., June 12.—It is believed by the creditors of Frank G. Jones, president of the American Electric Fuse company and a director of the Huckleby National bank of this city, that he has, through fraudulent operations, swindled them out of hundreds of thousands of dollars.

Jones was arrested on a warrant sworn out by officers of the Old National Bank of Grand Rapids, charging him with obtaining \$50,000 under false pretenses. An under sheriff took him to the Grand Rapids jail.

In the Grand Rapids federal court a petition in bankruptcy was filed by George A. Hume, Thomas Hume and John G. Emery, three Muskegon creditors with claims amounting to \$33,000. Referee Weeks appointed Paul S. Moon of Muskegon as receiver. It is alleged the liabilities of the concern are \$750,000 and the assets \$150,000.

Banks throughout the central states are believed to have been victimized in sums of \$20,000 to \$50,000.

Jones was a Chicago lawyer before he went to Adrian to establish the company. In Adrian the company got into trouble through some checks it sent out.

Many of the stockholders are Muskegon people, quite a number of them employees of the company. The receiver has discharged all the high salaried officials, keeping only a small working force. The plant will continue in operation.

CHICAGO BANKS ARE MERGED.

Continental Commercial is Now Biggest Institution in U. S.

Chicago, June 12.—The Continental and Commercial National bank has absorbed the Illinois National bank association.

The amalgamation gives Chicago the greatest bank in the United States, with assets of \$285,000,000. The National City bank of New York boasts of deposits of \$181,000,000. Announcement of the merger was made by George M. Reynolds, president of the Continental and Commercial.

The consummation of the deal marks another important epoch in the history of the Continental. Since 1897 the bank has absorbed the following institutions: International bank, Globe National, National Bank of North America, American Trust and Savings, Lincoln National Bankers' National, Commercial National.

We will place your money on first class farm and city mortgages at 6 and 7% net to you. All loans are made conservatively at not over fifty per cent of the actual cash value. We collect the interest and look after the loan without charge. Best of references given by parties here and in your locality. Let us send you some of our applications. Correspondence solicited.

**Ladysmith Abstract Co.**  
Ladysmith, Wis.

## Will Aid The Work

The work of the collectors for the Subscription Department to "The Gazette" can be very greatly assisted if the patrons of the paper will have their payments ready at the time the collector calls. Most of our friends have assisted nicely in this connection and their promptness is appreciated. With several hundred calls to make each month, it is no small task and where it is necessary to make several return calls, the work is greatly increased. The collectors make the rounds of the city on the following dates, or near those dates: **BUSINESS SECTION:—3-10.** **FIRST WARD:—1-3.** **SECOND WARD:—3-12.** **THIRD WARD:—12-15.** **FOURTH WARD:—1-4.** **FIFTH WARD:—1-8.** **GAZETTE PRINTING CO.**

**Built School by Voluntary Tax.**  
Under various circumstances a new school has been built in the little town of Poodorin, in Russia. The town folks erected it from the proceeds of a voluntary tax of two cents per glass of vodka consumed, which they imposed on themselves for a whole year.

**This Last Resort.**  
"They're going to increase the tax on beer!" "Then we won't drink any." "And they're going to increase the tax on spirits." "Then we won't drink any." "And they're going to tax wine." "Then we won't drink any." "And they're going to tax beer." "Then let's drink up our money!"

## EXERCISES STARTED WITH A CLASS PLAY

"THE RIVALS" PRESENTED BY THE MEMBERS OF THE SENIOR CLASS THIS EVENING.

## IS UNDER FULL SWING

Pageant on Wednesday Afternoon Promises To Be Both Unique and Interesting.

High school days will soon be over for the students of the Senior Class of the Janesville high school. This evening the first of the graduation week programs is to be conducted, the famous play of Sheridan's "The Rivals" is to be produced. The cast has been most carefully drilled by Mrs. Janet Day and is very proficient in its lines. Norman Field is the leading man and Miss Lusk is the first lady's part. The following is the cast:

Sir Anthony Absolute.....Norman Field  
Capt. Absolute.....Gerald Wool  
Acres.....Lloyd Curtis  
Punkland.....Whitney Moten  
Sir Lucius O'Trigger.....John Brown  
Fog.....John McGinley  
David.....Ellie Schell  
Thomas (coachman).....William Groat  
Mrs. Malaprop.....Mary Lusk  
Lydia Langshill.....Hazel Ketchum  
Julia.....Catherine Jeffers  
Lacy.....Catherine Cassidy  
The plot of the play is based on the customs of the English back in the days of chivalry. The honorable Mrs. Malaprop and Sir Anthony contrive to arrange for the marriage of Lydia, Mrs. Malaprop's niece, to Capt. Absolute, the son of Sir Anthony. But Miss Lydia is already in love with certain young gentleman whom she met on one of her trips into the country, and so refuses to listen to her aunt's proposition. This arouses her aunt's ire as a result a very complicated plot ensues. Capt. Absolute refuses to comply with his father's wishes and is disowned, however on second thought he decides to accept his father's terms and so regains his family privilege. According to his father's wishes he proposes to Lydia, but is rejected. However it develops that her lover is Capt. Absolute in disguise. So through the guidance of Dame Fate, the wishes of Mrs. Malaprop and Sir Anthony Absolute were worked out.

"A June Pageant" will be presented to the public tomorrow afternoon at four thirty at the Court House Park, across from the Christ's church. This pageant is a new idea in commencement exercises at the local high school. Because of the establishment of the department of physical culture for the girls in the school this year, it was thought a good plan to substitute some of the phases of the culture for the regular class day exercises. In this way it is hoped that the public will become acquainted with the work of the new department in the school and the benefits which the girls may derive from it. Miss Cuyler, who for the past year has been instructor of physical culture at the local high school, has charge of the pageant and promises the public a novel entertainment.

Following is the program which has been arranged for and will be presented tomorrow afternoon. The May Queen, Pearl Marsden, accompanied by the four young ladies in the class play, namely: Mary Lusk, Catherine Jeffers, Hazel Ketchum, and Gertrude Cassidy, will take her place on the throne which will be placed under one of the large oak trees at the end of the grounds. Following the entrance of the May Queen, the Grand March will take place. In this march, the girls of all the classes will take part. The freshmen will wear a green ribbon on their sleeves while the sophomores will wear their class colors, gold with 1913 printed on them. The juniors will carry bouquets and will march along side of the Seniors. After the Grand March, the freshmen will give a drill with the Indian Club. An Irish Tilt will be given next by the Sophomores and Juniors who will be dressed in green skirts and white waists, caps, and aprons. Then the Jumping Jacks will be given by the Freshmen, who will be dressed in white middie with red ribbons.

The Milk Maids Frolic will be given next by the Seniors, dressed in aprons and sun bonnets and carrying milk pails. Following this the Seniors will present the Spanish dance. For this purpose they will consist of bright red dress with yellow sash and black boleros. They will also carry tan bouquets. Sixteen Freshmen will give the Swedish folk dances, namely: the Klappdansen, the Varvienne, and the Polkas. After this number the Seniors carrying white flowers will present the Flower Dance. The last number on the program will be the waltzing of the May-pole by the Seniors and Juniors, and the singing of a J. H. S. song.

The entire music for the afternoon will be furnished by the high school orchestra. This orchestra was organized by the students of the school at the special request of Miss Cuyler. On this occasion will be the very best "The orchestra will consist of the following musicians: Sara Garbutt, Grace Murphy, Florence Crissey, Margaret Thorne, Carson Hunkardner, Harry Hodge, Garnet McVear, Leland Hoyer, Ruth Sookman, Fred Koral, Russell Smiley, and Will Poonchen.

**Berlin the Cleanest City.**  
As long as women complain of the impoliteness of Berlin men we shall have to content ourselves with the one universally recognized quality of our capital—namely, that it is the cleanest city in the world.—Berlin Lokal Anzeiger.

**The Vegetarian's Dog.**  
Brighton has been infected by tramps recently, and this sign is on a well-known residence: "We are vegetarians, but our dog is not."—Boston Record.

## WINNER OF HISTORY MEDAL ANNOUNCED

Miss Margaret Birmingham of Garfield School Won First Place in Contest Under D. A. R. Auspices.

The medal for first place in the annual history contest, held under the auspices of the local chapter of the D. A. R., was this year won by Margaret Birmingham of the Garfield school. Second place went to Evelyn Welsh and Jessie Hoyal of the Lincoln school, who tied. Mrs. A. A. Jackson will award the winner the medal on Thursday evening. This will be a number on the commencement program on that evening at the local high school. The winners of second honors will receive books in reward for their achievements. About fifteen students of the local grades entered this contest.

## BRIEF PERSONAL NEWS.

The many friends in this city of Mr. Van R. Liddell will be sorry to hear of his death. The word was received this afternoon by his sister, Mrs. A. C. Kent, of this city. Miss Gertrude McGinley is spending a few days in Delavan. Mrs. James Sallinger left last night for Albany, for a week's visit with her sister, Mrs. Ed. Smith. Mrs. J. F. Hickey and son, James, left for Milwaukee this morning, where they will attend the wedding of the former's sister, Miss Agnes Foran to Frank J. Carney, to take place tomorrow morning, at 9 o'clock at St. John's Cathedral. Miss Heloise Johnson of Chicago, and Miss Florence Hays of Ripon, are the guests of Mr. and Mrs. L. P. Rohr, at their home on High street. A. E. Smith of Madison, called on friends in this city yesterday. Mrs. C. H. Babcock and Mrs. M. J. Conway of Edgerton, called on friends here yesterday. City Attorney Adams of Deloit, transacted business in this city yesterday.

Miss Adet Williams and Louise Crosby were the hostesses at the second of a series of receptions at their home on Court street yesterday afternoon. E. V. Peterson of Chicago, master mechanic of the Wisconsin division of the Northwestern railroad, was in this city today on business. Miss Nellie Antell of Madison, and Harriet Bacon of Waunakee, were visitors here today. C. Edwin Lipman of Deloit, was in this city last night. E. Travers of Deloit, was in the city on business today. O. S. Hagen of Monroe, transacted business here yesterday. Anton Saterbak of Rockford, spent yesterday in the city. Sheriff and Mrs. J. H. Hanson were Avon visitors this afternoon. C. S. Douglas was here from Fontana today.

J. Haggart and I. Rosenblatt of Deloit, visited in the city today. Mrs. Arthur Hoyer and daughter, Maxine, have returned from a visit to Chicago and Harvey, Ill. D. Q. Proctor of Edmonton, Alberta, Canada, is visiting friends and relatives in this city. Mrs. Frank Hardy of Chicago, is visiting her sister-in-law, Mrs. Fred Woodruff. Mr. and Mrs. D. Ryan returned today from Blinawa Mound, where they attended the commencement exercises of the St. Clara college. Their daughter, Norma, returned with them. Stanley Fisher leaves tonight for California, where he will remain for some time.

## All Its Fault.

## HIAWATHA SPRINGS BOTTLING FACTORY TO BE BUILT SOON?

GROUND IS STAKED OUT AT THE SPRINGS FOR LARGE BUILDING.

## LOUIS N. PARKS HERE

Specifications for Building Are Also Said to Be in the Hands of Local Contractors.

Louis N. Parks, one of the owners of the Hiawatha springs property, formerly known as the Burr Springs, was in Janesville, Monday, to discuss plans for the erection of a bottling works on the company's grounds up the river. This much is known, and it is also known that Mr. Parks visited the ground, where engineers had driven stakes for a structure which is to be erected immediately to be used for a bottling works. It is also known that local contractors have the plans and specifications for the proposed building in their hands for estimates on cost of construction.

Mr. Parks, however, left the city late last night without discussing his plans with others than the contractors and a few business men. He stated he would return in a day or two, and from a confidential source it is learned that the building, which is to be one hundred and fifty feet long, is to be erected during the coming summer. If the plan is carried out, it will be a three-story structure, very complete in all respects, and will have a capacity of handling all the bottling that the company will have for some time to come.

It was also learned that arrangements are being made with the Chicago, Milwaukee & St. Paul road for the construction of side-tracks from their main line to the property owned by the company, which will give them the most serious drawback to handling the water.

## BRIEF LOCAL NEWS.

At State Convention: Mrs. Minnie McNett of this city is attending the state convention of the Ladies of the Macabees, which is being held at Oshkosh today. The convention closes tomorrow.

Autoists Here. Mr. and Mrs. H. C. Hoarse and M. Haggman, autoists from Milwaukee took supper at the Hotel Myers last evening and spent the night here.

Cutting Rails: Workmen employed by the Rockford & Interurban company are today cutting the rails of the company's line on North Franklin street, near the corner of Milwaukee street, preparatory to putting in the curve for the company's loop.

Fifty-eight Applications: Fifty-eight applications and bonds for saloon licenses have been filed in the city clerk's office. The last two filed were those of Harry Van Gilder, 124 North Main street and A. McNeil, 104 East Milwaukee street. As the number is limited under the state law to fifty-two saloon licenses and four brewery licenses, some of the number are due to be disappointed.

Settled Out of Court: The case of George Lyons against the Town of Magnolia, which was to have come up in municipal court this morning, was dismissed, having been settled out of court. Lyons was patronizer of the town and claimed about thirty dollars was due him for his services.

Fine Was Paid: Fred Marks of Deloit, received a sentence of imprisonment in the county jail here last night and had just arrived when a friend of his dropped in and paid his fine of \$6.25, and he went home. The charge was drunkenness.

Marriage License: Marriage licenses were granted to the following persons this morning by the county clerk: Douglas L. Arnold of Berlin, Wis., and Miss Rosalie Ashburn of Clinton; Frank L. Anderson and Gertrude Dorrhake, both of Deloit.

Is Seriously Ill: Sutton Norris is reported as seriously ill at his rooms at the residence of Oscar P. Nowlan, 309 Cornhill street. Mrs. Harry Ne Chire of Minneapolis, his daughter, has been sent for. Mr. Sutton is suffering from a severe attack of heart failure.

## ALMOST A CYCLONE SWEEPED WIDE SWATH

Storm Last Friday Was Most Distasteful Between Delavan and Lake Geneva.

What was almost a cyclone, accompanied by a severe hail storm which completed the damage the wind started, swept over a strip of country a mile wide between Delavan and Lake Geneva on Friday afternoon, last. Burns were torn from their foundations and badly twisted and the growing crops beaten into the ground as though with a hammer. The large barn on the farm owned by Mrs. F. D. Farnsworth, a handsome new barn, was badly twisted and shaken loose from its foundation, and all the growing crops on the farm beaten down as though shredded. In other localities the storm was equally severe.

At Milwaukee Meeting: Miss Mary Fox and Miss Doll Williams of this city, went to Milwaukee today as delegates from this city to the convention of the Woman's Auxiliary of the Episcopal diocese of Milwaukee, which met in that city today. The convention will close tomorrow.

Make your advertising a steady diet not a banquet.

## BUSINESS PROPERTY HAS CHANGED HANDS

Edgerton Business Property Sold.—  
Other Notes of Interest From  
the Tobacco City.

(SPECIAL TO THE GAZETTE.)

Edgerton, June 12.—An important real estate deal was closed here yesterday, whereby Mrs. Gertrude McCarthy became owner of a portion of the two-story brick block on Front street, known as the U. S. Hotel, owned by H. C. Schmeling. The property has a 14 foot frontage and is 132 feet long. The house of sale is private. Mrs. McCarthy has occupied that portion of the block for the past five years and in it conducts the Bon Ton restaurant.

Frank Cunningham, after a visit here of several days with the family of M. J. Cunningham, returned this morning to his home in Madison.

Mrs. F. W. Coon left last night for Chicago, being called there on account of her daughter, Mrs. McIntyre, who met with injuries in an auto accident in that city Sunday.

Albert Teubert and Herman Bugas were here from Janesville yesterday, making the trip in the former's auto.

Mrs. Gertrude McCarthy accompanied Miss Francis New to Detroit on an over Sunday visit to relatives there. Mrs. Scott Hatch and Mrs. C. J. Woodman left this morning for Appleton, to attend the graduating exercises of Lawrence university. Misses Beale Koller and Caroline Woodman of this city, are among the graduates.

Miss Emily Watson, pianist at the Lyric theater and a popular young lady of this city, who has been a great sufferer with an abscess in her ear, for several weeks, was taken to Chicago this morning for treatment, and possibly also for an operation. Her sister, Miss Ruth, a graduate nurse of Chicago, came Sunday evening and last night Dr. Green, a specialist of Chicago, also came. Both accompanied Miss Emily to that city.

At the Carlton.  
Guests registered at the Carlton hotel Monday were: Wm. Rager, Jr., J. C. Hanchett, Janesville; J. P. Donah, Madison; J. N. Ayers, Sheboygan; E. M. Williams, Fred Hayden, Clarence A. Sterling, H. Ince, George H. Schmitt, Milwaukee; M. M. Meyer, C. X. Yeager, S. E. Klatter, George Hoisted, Chicago; E. C. Mammel, Port Wayne, Ind.; J. W. Hall, Cincinnati; O. W. M. Hull, Pittsburgh, Pa.; C. C. Hanney, Fredonia, N. Y.

### SOUTH MAGNOLIA.

South Magnolia, June 12.—Mr. and Mrs. T. T. Harper and daughter, Ella, drove to Janesville, Friday, to visit relatives for a few days.

Elliot Fraser played ball in Albany, Saturday.

Mrs. Walter Wolcott is caring for Mrs. James Houghton at present.

Wilbur Garrigus of Koshkonong visited his niece, Maudie Harper, Monday and Tuesday.

Messrs. T. M. Harper and Elliot Fraser went fishing, Saturday.

### EAST LA PRAIRIE.

East La Prairie, June 12.—Mrs. P. L. Chesmore is entertaining her brother, D. Q. Proctor, and wife, from Edmonston, Canada.

Mrs. Jessie McCarthy entertained the W. T. Z. club on Saturday. "Five hundred" was the amusement of the afternoon. Mrs. Sidney Thomas and Mrs. John Terry winning the honors. J. L. Terry and C. V. Child are spending a few days at Lake Koshkonong.

Miss Martha Ankham closed her school on Tuesday and is at home for the summer vacation. She entertained her pupils the last day at Spaulding's pond with an entertainment and picnic supper.

The La Prairie Loyal Neighbors were entertained at a banquet on Tuesday at Sharon, and Thursday at Janesville.

Mr. and Mrs. H. Finch and Mr. and Mrs. Frank Lloyd are at Lake Koshkonong.

Sister Larson had a barn-raising on Saturday.

Mr. and Mrs. Terwilliger of Clinton were guests of Mr. and Mrs. Frank Child on Tuesday.

Mrs. David Hollins of North bluff street spent last week with Mrs. John Terry.

Mrs. Lulu Woodman and daughter, Doris, spent Sunday with her mother, Mrs. Leda Reeder.

Mrs. Clara Stokes is entertaining an old schoolmate from the South. It is the first time they have met in twenty-seven years.

Mr. and Mrs. John Schuetter spent Sunday with Mr. and Mrs. Robert Schuetter in Janesville.

Miss Ora Finch spent Friday to Sunday in Janesville.

### ERODHEAD.

Erodhead, June 12.—Mrs. M. Broderick and daughter, Miss Winifred, spent Monday in Janesville.

G. H. Christman was home over Sunday, returning to the northern part of the state on Sunday.

Mrs. J. W. Bringer visited in Janesville, Monday.

The Misses Cordelia Anderson and Margaret Stanz went to Orlinville, Monday, for a week's stay with friends.

John Boyum was a passenger to Milwaukee, Monday, for a short stay.

Mrs. Wm. Wilkinson went Monday to Janesville.

Ralph Steele left Monday for a stay of some time, with La Crosse relatives.

Wm. Schoon spent Monday at Whitewater.

Mr. and Mrs. Leo Searles and baby returned Monday to Chicago after a few days' visit with their parents, Mr. and Mrs. P. E. Searles.

Martin Bragger of New Glarus was a brotherly visitor on Monday.

Children's day exercises at the Presbyterian church were postponed from last Sunday evening until next Sunday evening.

Frank Douglas was a Monroe visitor Monday.

Warren Niles is here from Monmouth and will spend the summer at the home of his sister, Mrs. C. R. Murdoch.

George Smiley of Stoughton was a business visitor in Erodhead, Monday.

Mrs. O. E. Terry and son, Grasse, of Stoughton, are spending a few days at the L. W. Terry home.

Next Sunday, June 18, will be observed as Memorial day by Pearl Lodge No. 48, K. of P., of this city.

Next Sunday, June 18, will be observed as Memorial day by Pearl Lodge No. 48, K. of P., of this city.

### WOMAN HELD ON POISON CHARGE

Alleged She Attempted to Kill Step-Daughter and is Arrested.

Delaware, O., June 12.—One of the biggest sensations in the history of the city was sprung with the arrest of Mrs. John B. Henkle, wife of a well-known traveling man, on a charge of administering arsenic to her step-daughter, Miss Marie Henkle, in quantities large enough to kill.

The arrest was made on a warrant sworn out by County Detective W. B. Matthews. Miss Henkle is at present in a hospital, where she was removed.

It is alleged that Mrs. Henkle was jealous of her step-daughter.

### TWO DIE, THREE HURT IN CRASH

Automobile Collides With Trolley Car, Owner and Soldier Killed.

Washington, June 12.—Harry W.

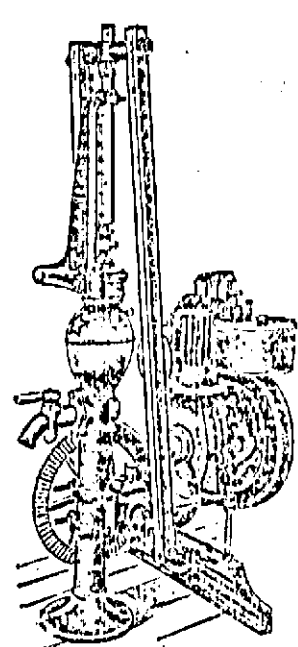

Mitchell of Glenary, Va., and Fred Kitchen, private in the Fifteenth cavalry at Fort Meyer, Va., lost their lives and three others were severely injured when Mitchell's automobile, in which they were riding, collided with a car on the Old Dominion electric line at Rosslyn, Va., across the Potomac river from Washington.

Michigan Bankers at Detroit.

Detroit, Mich., June 12.—The members of the Michigan Bankers' association met here today for two days of business discussions, varied by a banquet tonight and a trip to Belle Isle and a ball tomorrow.

President Emory W. Clark of Detroit is in the chair. Thursday the bankers and their ladies will leave for Buffalo on the Western States, which is chartered exclusively for the two days' convention trip. On the way the party will view the Livingston Channel, and will arrive at Buffalo Friday morning. At Buffalo the day will be spent sightseeing and visiting Niagara Falls.

## The Farm Pump Engine

THE HANDIEST ENGINE EVER BUILT.

A GASOLINE ENGINE WHICH ATTACHES TO AND FORMS A PART OF ANY PUMP.

Beats a windmill to a frazzle and costs less. Needs no towers, no cement foundation, no anchor posts, no special platform, no fixings of any kind. Just set it up alongside any pump anywhere, clamp it in place and it's ready for work.

COME IN AND LOOK THEM OVER AND YOU WILL NOT GO HOME WITHOUT ONE.

We handle the Owasso and Velie line of buggies. None better made. None will give better or more satisfactory service.

We carry Strickler Hay Tools. You know there is no better line

made than the Strickler.

We also handle Hay Loaders, Silo Fillers and a full line of Fuller & Johnson Gasoline Engines.

When in the market for anything in the farm machinery line give us a call and we will convince you that we have the goods you want.

**NITSCHER IMPLEMENT CO.,**  
NORTH 1st STREET.

## Are Not Those Screen Doors Up Yet

Special Prices That Are So Much Lower That You Cannot Afford To Wait Longer

Perhaps you need new screen doors, but the fact that the flies are only now putting in their appearance has caused you to delay in the matter of selection. It is decidedly to your interest to call at this office and look over this stock of ours. The price is so much lower than that which you would have had to pay that you cannot afford to parley.

There's cause for this special price making on screen doors; we're heavily overstocked with them and they must be moved to create room. We are now building and need all the storage space available.

Our assurance of quality stands behind every purchase made here. Each one must be satisfactory; we'll gladly correct any that are not. These screens are strong, well made, in natural or oil finish or painted, have mortised joints and are neatly finished. All sizes, some have patented non-sagging device, very desirable.

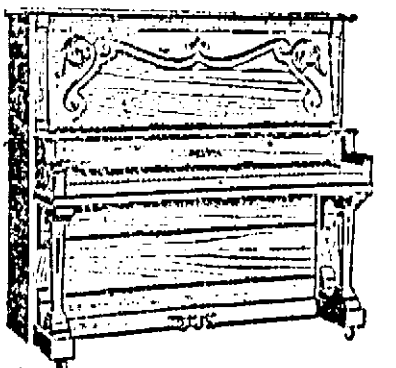

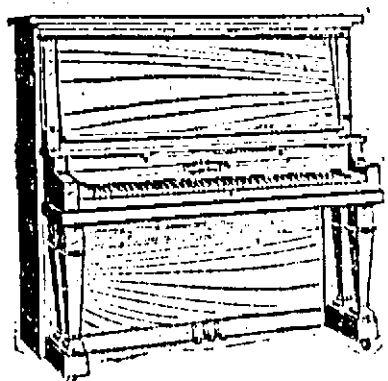

### Note These Prices—They'll Save You Money

Many Pianos Are Being Sold From the  
Assigned Clough & Warren Stock

The Clough & Warren Pianos bought of the Detroit Trust Co., receivers, appointed by Judge Murfin of the Wayne Circuit Court, are being snapped up by shrewd buyers. Pianos of this grade are rarely offered at such low prices.

### Somebody's Loss Is Your Gain

The creditors of the Clough & Warren Piano Co. are losing half the cost of every piano. This loss we save for our purchasers.

The Clough & Warren business was established in Detroit in 1850. Their pianos rank among the leading makes of the country.

This is truly a great piano buying opportunity. Don't delay, this stock will soon be disposed of.

Our own iron-clad ten-year guarantee goes with every piano.

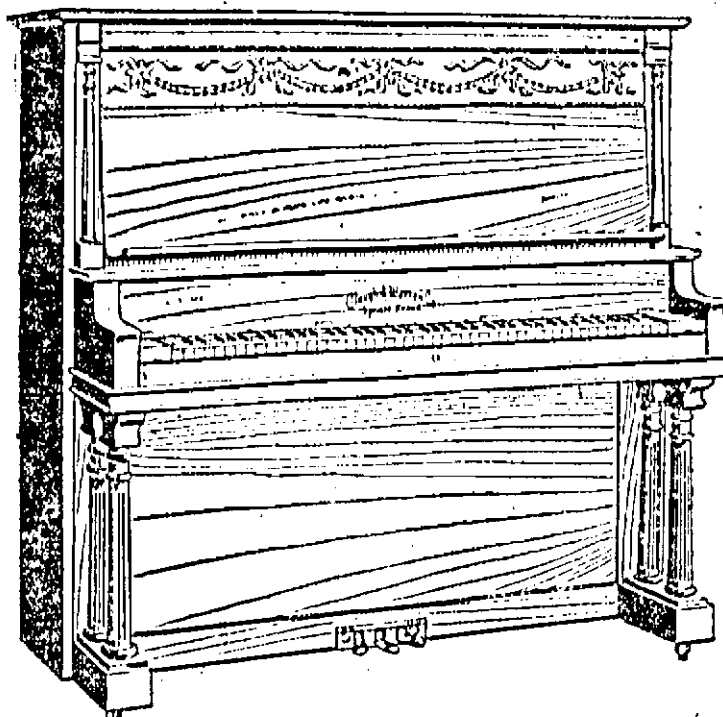

OLD INSTRUMENTS TAKEN IN EXCHANGE.

SMALL MONTHLY PAYMENTS CAN BE ARRANGED FOR.

STORE OPEN EVENINGS.

PIANOS DELIVERED FREE WITHIN 50 MILES OF JANESVILLE.

When we announced last week that we had purchased the entire factory stock of finished and unfinished Clough & Warren pianos which we purchased from the Detroit Trust Co., appointed receivers by the Wayne Circuit Court, we looked for shrewd buyers to take advantage of this unusual event. We were not disappointed and the number of pianos sold to discriminating people is evidence of the intrinsic merit of the instruments and the low prices we were able to quote—due to the loss sustained by Clough & Warren's creditors. We purchased the entire factory stock.

## All Brand New Pianos

of the latest case designs in beautiful mahogany, walnut and oak, at about half the cost of manufacture. When you see the fine workmanship and high class material used in the construction of these pianos the low prices will be a surprise to you.

## Our Name Your Protection

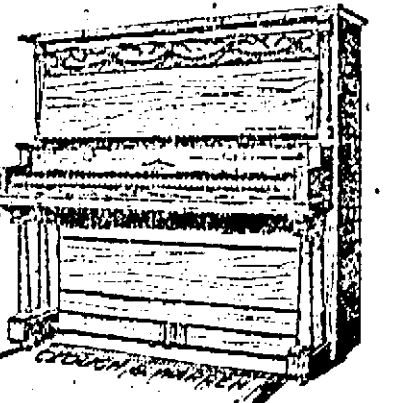

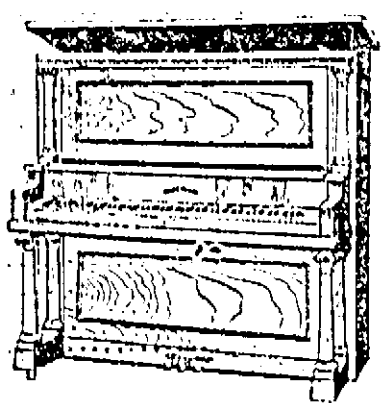

Had not the pianos in the Clough & Warren factory been of the very highest quality, we would never have given the purchase a thought—a firm of our reputation couldn't afford to. The Clough & Warren Co. have been making instruments of a high character for the past 61 years.

We give our own signed ten-year-guarantee with every Clough & Warren piano sold. Such an opportunity as this comes but once in a lifetime. You cannot afford to let it go by unheeded. Piano buying is easy at our store.

## The Evening Chit-Chat

By RUTH CAMERON.

OTHER virtues are in request in the field and workyard, but a certain degree of taste is not to be spared in those we sit with. I could better eat with one who did not respect the truth or the laws than with a shaven or unrepresentative person. Moral qualities rule the world, but at short distances the senses are despotic."—Emerson.

I was much interested to read the other day a newspaper statement that a suggestion had been made that a course in manners should be introduced into the Washington schools.

I wish the suggestion might become an accomplished fact, not only in Washington, but all over the country.

I cannot understand why, when all the other sciences have received such full attention in our school curriculum, the social science—the science of living with other human beings—should be so totally neglected.

For what really bitter unapprehensions the ignorance of the right fork to use, of the proper way to treat a finger bowl, or some such little thing, may cause.

What cruel social stigma the wrong way of holding his fork or of a habit of crumpling his cracker in his soup may bring upon a man whose heart is really full of true courtesy.

We may rail at such conditions of judgment, but we surely must admit they exist.

We would never think of leaving the study of grammar out of our schools and yet the man or woman who makes a mistake in grammar will be far more easily forgiven than he who eats soup from the end of his spoon.

Emerson says something to the effect that it is much easier to forgive even a sin than an error in breeding, and so it seems to be.

Of course the obvious answer to this is that while a knowledge of manners is undoubtedly necessary to one's peace of mind, such a knowledge should be obtained in the home.

Of course it should; but how often is it? Again and again there come to me in my mail queries on little points of breeding from young men and women, who evidently have not been taught such things in the home.

And almost always the letters are well worded and well written, showing that the inquirers have had an otherwise good education.

I do not think any city could give its children a course which they would look back upon with more gratitude all their lives than one in manners.

It might, of course, be difficult to get the children's interest, but I think this might be done by conducting the lessons in a very practical fashion. That is, the lesson on table manners might be illustrated by a table set for a course dinner, and the other lessons in similar fashion.

The instruction need not be so elaborate that few of the children would ever have a chance to put half of it into practice, but merely a comparatively few simple rules of breeding.

Those who already know some of these things surely wouldn't be hurt, and those who didn't would undoubtedly be saved much embarrassment and actual unhappiness.

Perhaps this is all very foolish and visionary, but for the life of me I can't see why.

## Heart and Home Talks

By Barbara Boyd

### Economy and Dress.

#### Dress Cottons That Wear Best.

WHEN summer comes, in our climate, it usually comes with a rush; and the mercury stays around the top of the bulb day in and day out. Cotton clothing becomes a necessity, and a woman almost lives in cotton dresses the summer through. And if she has to look very carefully to the expenditure of her money, she naturally wants to get cotton goods that will give her good wear. She doesn't want to spend her money for fabrics that will go into holes in a little while, or whose color will soon fade.

Corded fabrics do not wear so well as the plain weaves. The threads are liable to pull away from the cords. This does not mean they will not wear satisfactorily for ordinary use. Many a woman has secured all the service she wants out of a dimity or a corded lawn. But corded weaves will not give the service of a gingham or of some of the other substantial plain fabrics. And the woman who must have every ounce of wear possible can invest her money to better advantage than in corded cotton fabrics.

Pressing a material with the thumb will give some idea of its quality. If it tears apart easily, it has little wear in it. Wetting it to see if the gloves disappear is also a way to discover if the material is a flimsy quality, stiffened up with starch to give the appearance of "body."

To tell if the color will fade, it is well to get a sample, wash it, and hang it in the strong sunlight.

Some people soak colored cottons in salt water to "set" the color; but manufacturers claim that this process has no value at all.

In buying linen, try to get yarn-dyed linen. In fact, yarn-dye in any cotton or linen goods is better than piece-dyed goods. But it is particularly so in linen, for linen does not take dye easily; therefore, the chance for a good, fast color is better in the yarn-dyeing than in the piece-dyeing.

So far as fading is concerned, goods printed on one side only are just as good as those in which the color goes through.

Lavender, pale blue and pink are the colors that fade most quickly in cotton goods. Hanging in the shade when drying will help retain their color.

Some women maintain that the all-white dress in summer is the cheapest, as it does not fade, and does not require laundering any oftener than the light-colored fabrics. There is much truth in this argument. And an all-white costume is always dressy. But to have charm, it must be immaculate. So that if a woman cannot always have it fresh, she had better go in for the darker cottons.

Barbara Boyd

#### QUEEN ANNE'S WAR.

June 13.—England and France were making faces at each other in 1702, when King William died. He was succeeded by his wife's sister, Anne, and that lady hadn't been wearing her jeweled slipper very long when the war broke out. And it was some war, involving almost all the other nations of Europe. When the English in America heard of the row by freighter they began to make faces. A French in those days meant trouble because there was a flock of Indians always out of work, and a war was the putting it right over the plate for these boys. So the Indians were taken to one side, and it was explained to them that a war between France and

#### NEW CONTEST FOR WOMEN.

While the weather is a bit cooler now, still the question of making the selection of the best recipe for a hot day is more important in view of the experience of the past few years.

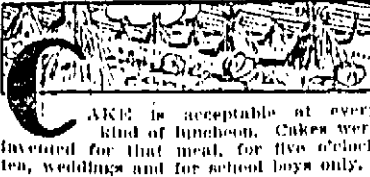

Think it over and put your thoughts down on paper and enter the latest Gazette competition. You must have your recipe in the Gazette office by July first.

Put your thinking cap on now and try for one of the following prizes that are offered:

First Prize—Pair Silk Stockings.  
Second Prize—Set Kitchen Knives.  
Third Prize—A Book.

Important French Industry.  
Southern France sends out each year one million parcel post packages of cut flowers to the value of \$7,720,000.

## The KITCHEN CABINET

It is acceptable at every kind of luncheon. Cakes were favored for that meal, for five o'clock tea, weddings and for school boys only.

#### DIET FOR CONSUMPTION.

Doctor Osler, the great medical authority says: "The cure for consumption or tuberculosis is a question of nutrition; make a person grow fat and the local disease may be left to take care of itself."

To force the body to take on fat in the great problem, then, as the weight is increased the strength and vitality is also increased.

A method tried and proven more than satisfactory is that of drinking the last milk or stripplings from the cow. Of course, choice of a cow is most important; one that gives milk rich in cream and wholly free from tuberculosis taint.

The method of taking the milk is simple, but must be carefully followed in order to reap the reward. The last quart is milked into a dish which is surrounded by hot water in order to insure the milk from cooling. The froth is blown back and the milk drunk without straining, so that will cool it too much.

At first it is not easy to drink a quart, but after a week or two it is easily done, and patients after a short treatment gain nearly a pound a day. This milk taken warm into the empty stomach is absorbed in a very short time. The patient will then take the regular meals in addition to the milk, those foods which agree.

Such treatment may be taken at home. The price of a good cow is not to be mentioned with expensive trips to sanatoriums or a change of climate.

Those who object to milk will take it as a medicine, and later grow fond of it. The prescribed treatment is a quiet night and morning.

It is easy on a farm to take this treatment; but many have tried it and found it most satisfactory even in a city.

This same diet is equally efficacious in increasing the weight and strength when debilitated from other causes.

It is well to remember that milk is not a beverage, but a food, and should be taken in sips, a little at a time, to avoid making hard indigestible curds in the stomach.

Nellie Maxwell.

#### The Mother of the Future.

The mother of the future must be so trained in her graces and graces that the school will be only a place for applying knowledge already gained in the nursery.—Mrs. Hancock Ellis.

#### A HAREM SKIRT THAT IS NOT UNGRACFUL.

Some of the Japanese models that the ambitious French dressmaker have been trying to exploit have been frankly ugly; others have been merely bizarre; a few have been too masculine in suggestion to be possible as women's garb in the street. This little Japanese cult has something to commend it for the full Turkish trousers of dark blue satin are all but hidden under a very gracefully cut overskirt of dark blue English material, trimmed at the overlapping edges with bands of blue satin matching the trousers. The full Turkish trousers were caught just below the knee instead of at the ankle, the little costume would be rather attractive for summer pedestrian wear.

#### Fighting Man.

It is man's nature to fight. It is his merit to fight for what he believes to be right. Courage and bravery are not achieved by hiring a lawyer. A man who is not willing to fight to the death for the right or for his own is not as good or complete a man as one who is willing. But opinions about this are not so important as the fact that it is man's nature to fight, and that neither resolutions nor legislation nor provision to get over all kinds of trouble in any other way than by fighting will avail.—Elwood Hendrick in the Atlantic.

#### Need of Good Companions.

We want one or two companions of intelligence, probity and sense, to wear out life with; persons by whom we can measure ourselves and who shall hold us fast to good sense and virtue.—Emerson.

## CARE OF THE BABY

Latest One of The Series of Articles Prepared Especially For The Gazette by Physician.

Some useful hints as to the care of the baby may be found in this week's article, prepared especially for The Gazette by an authority on the care of the little ones. In this article crying, fresh air, the nursery and other things are dealt with. Following is the paper:

**Crying:** Often the cause for crying cannot be found—crying is good exercise and if the child does not cry more than one hour a day it is considered normal. If the child cries from pain it is generally sharp and piercing, and the legs are generally drawn up, when it becomes exhausted it will usually fall asleep for a short time and then awaken with a scream.

If we are sure the cry is one of indifference the only remedy is to allow it to continue crying, one or two such crying spells will usually cure it, an example is when a child stops crying when picked up and begins again as soon as it is laid down.

A cry of hunger is a worried fretful one, the child usually begins sucking the fist or the cry stops when the hunger is satisfied. The cry of indignation is often mistaken for the cry of hunger, but after feeding the child still keeps on crying, an intelligent mother is soon able to recognize the different cries. When a child begins to cry always see if the nipples are dry and of the hands and feet are warm, also look for any sign that may possibly be precluding the child.

**The Nursery:** The room selected should be as large as possible with plenty of fresh air and sunshine as the child spends almost the entire day there, dark shades should be at the windows, no curtains are necessary. The temperature of the room should be between 68 and 70 degrees, never below 65 degrees, even at night during the first few months, later the temperature at night can be lower. A thermometer is always necessary in a nursery, if the room is too warm the child perspires and takes cold easily. If the air is too dry keep a vessel filled with water in the room, especially in winter if the room is heated by steam or hot air.

**Going Out:** The child should have all the fresh air possible for there is nothing better to promote health and vigor. In the summer a young infant can be taken out at the end of two weeks, in winter at the end of a month, in stormy weather the nursery will

alred is better than outdoors, but in clear, warm weather all the outdoor life possible is best. Sleeping out of doors is highly recommended. Never take a baby under three months out of doors when the thermometer stands below freezing.

**Nursery Malt:** The ideal malt for child is hard to find, but a mother should be particular about some things. A nurse should be intelligent, experienced, kind, cleanly and healthy, and who should be constantly under the supervision of the mother. Health and intelligence are all important factors, these requirements should be insisted upon.

**Nursery Fease:** There are many kinds now to be purchased, or one can be made at home. It keeps the child from any harm and it is safe and will amuse itself for hours with a few appropriate toys.

**Playthings:** For the first few months a child needs no toys. It amuses itself by looking around and with its feet and hands, when a few months old a few toys will help to amuse it, but the fewer the better, as the more they have the more they want. Always see that the toys are clean and that they are not painted, also that they have no sharp points to injure the child, or that they are not so small that they can be swallowed. Beware of old toys sent by friends, as they may carry contagious disease.

**Carriage:** This should be roomy and have a top so the child can be comfortable, a strap that completely encircles the babies waist is a good safeguard.

**Sucking Habits:** These are bad, a nipple or a pacifier should not be given to a baby, they are not cleanly and may cause a deformity of the mouth. If a child insists on sucking its fingers or thumb it can often be cured by placing mittens on the hands or by tying them down.

**Howlers:** Young babies are usually what is termed howlers, but their little limbs straighten out as they get older. Howlers are not usually due to the weight of the child, but are generally due to faulty nutrition, when the proper feeding is resorted to it is surprising how quickly they straighten out.

**Keelings:** Do not allow the infant to be kissed upon the mouth, from this habit many children have contracted infections such as Tuberculosis Diphtheria, etc.

(To Be Continued.)

#### The Real Reason.

Adam sat down. "I am the greatest man in the world," he said to himself; "the wisest sage, the greatest financier and captain of industry; I hold all the records from the hundred-year dash to the marathon; my wife is the best-dressed woman in the world; I am the best-dressed man. Gadzooks, I am too good to be true; I will eat of the fruit of the tree of life."—Life.

#### Joan of Arc's Sword.

A sword in the Dijon museum has just been identified as that used by Joan of Arc and presented to her by Charles VII. of France. On one side of the hilt is engraved a figure kneeling before a cross and the inscription "Charles VII." while the other side bears the name "Vaucouleurs." The sword also bears the arms of France and of the town of Orleans and the date 1419.

#### The Safer Side.

It is better to err by leaving unpaid what ought to have been sold than by saying what ought not to have been said.

#### MIDDLE AGED AND ELDERLY PEOPLE.

Use Foley Kidney Pills for quick and permanent results in all cases of kidney and bladder troubles, and for painful and annoying irregularities. They contain just the ingredients necessary to regulate and strengthen the action of the kidneys and bladder. They are tonic in action, quick in results. Try them. Duggor Drug Co.

## DAILY DIET AND HEALTH HINTS

By DR. T. J. ALLEN  
Food Specialist

### NURSING MOTHERS SHOULD AVOID EXCESSIVE EMOTION.

Tranquillity of mind is a matter of much importance for the nursing mother. Violent emotion acts upon the milk in a way which sometimes proves fatal to the child. Dr. Carpenter, an English authority, tells of a case in which a quarrel arose between a soldier and a carpenter in whose home the former was billeted. "The carpenter's wife rushed in, wrenched the sword from the soldier's, and broke it in pieces." While in this strong excitement the mother took up her child from the cradle, where it lay playing, and in perfect health; she gave it the breast, and in so doing sealed its fate. In a few minutes the infant became restless, panted, and sank dead upon its mother's breast.

## JAP ROSE SOAP

(TRANSPARENT)

Skin and clothing are entirely different things. Naturally they require entirely different soaps. Jap Rose is essentially a skin cleanser. Made from the purest vegetable oils, blended by our own process. Perfect for the bath. Sold by dealers everywhere.

REFUSE IMITATIONS. Look for the Jap Girl on every package.

#### A MORNING FROCK IN TAILORED STYLE.

This model is new and particularly smart for street wear. It may be developed in serge or in white or colored linen and is worn over a glimpse of lace or net. The simplicity of the little tattered frock is its feature and the effect should suggest careful cut and tailoring, stitching, braid and buttons forming the only trimming. The frock pictured is built of white serge and has plinkings of red silk, the buttons being of white and red bone. White white braid trims the cuffs and the lapels which broaden out into a square sailor collar at the back.

#### THERE IS A DIFFERENCE

Between Promises and Actual Results.

Promises won't overcome half trouble. The manufacturers of Newbro's Herpicide promise nothing which is not justified by an intelligent use of this preparation. The desired end ultimately becomes an accomplished fact. This is the reason that Herpicide has thousands of satisfied friends all over the world.

By keeping the scalp clean and healthy and destroying the dandruff germ, Newbro's Herpicide makes beautiful hair. Herpicide prevents the hair from falling and allows it to grow unimpeded and naturally except in cases of chronic baldness which is incurable.

One dollar size bottles are guaranteed by all druggists to do these things.

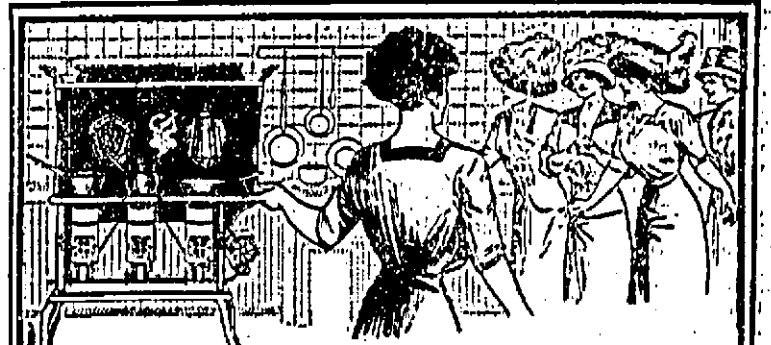

Send 10c in postage for sample and book to The Herpicide Co., Dept. L, Detroit, Mich.

Applications obtained at the best barber shops. J. P. Baker, special agent.

CHARITIES AND CORRECTIONS CONFERENCE HOLD 35TH ANNUAL. The active leaders in the movement will be seen and heard at the annual conference.

Boston, Mass.—The 35th National Conference of Charities and Corrections will be held in Boston from June 15 to June 18th inclusive. The various sessions will be held at Tremont Temple and Ford Hall. Present at the opening meeting in Tremont Temple were: Gov. Foss of Massachusetts, President Emeritus Elliot of Harvard and Mayor Fitzgerald. Addresses will be made at the various sessions by Frederic Howard White on "The Abolition of the County Jail"; "Play as Art" by Miss Jane Addams; "Play as Medicine" by Joseph Lee, President of the Playground Association of America; "Workmen's Insurance" by Louis D. Brandeis; "Immigrant Labor Traffic" by Paul F. Kellogg, editor of "The Survey"; etc. Other subjects to be considered are Sex Hygiene; Drug

## "The Best in the World"

As the bride led her friends into her cool, spotless kitchen, they broke into a chorus of approval.

"Well, I am proud of it," she said, "and proudest of all of my stove. It's a New Perfection Oil-Cook-stove, and I think they are the best in the world. They toast, roast, broil and bake equally well—really to perfection—and the kitchen stays much cooler and cleaner than with any other range. This stove cuts my kitchen work almost in half."

There is no wood or coal to carry for a New Perfection; no ashes to clean up. It is ready for use as soon as lit; out at a touch of the fingers—economical as well as quick and convenient.

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys, 1 burner model ideal for the small kitchen, 2 and 3 burner models can be had with or without a cabinet top, which is fitted with drop doors, towel racks, etc.

Dealers everywhere or write for descriptive circular to the nearest agency of the

Standard Oil Company (Incorporated)
